## Fascination of Plants Day 2022

by 23.06.2022

Fascination of  
Plants Day  
2022

**785 events already** uploaded on FoPD website

**54 countries** signed up for FoPD

### A Global Initiative

287 events in Poland, 117 events in Italy, 45 in Portugal, 36 in Spain – **top in Europe**

11 events in China, 11 in Lebanon, and 7 in India – **most active in Australo-asia**

11 events in Mexico, 7 in Canada, and 10 in Argentina, – **best in the Americas**

2 events in Angola – **top in Africa**

**3 National patronages:** Ing. Zdeněk Nekula, Minister of Agriculture of the Czech Republic; Czech Association of Private Farmers of the Czech Republic; JUDr. Samuel Vlčan, Minister of Agriculture and Rural Development of the Slovak Republic.

**1 International video contest:** SusCrop ERA-Net opened this to all countries, in our numbers we count this as one instead of 56 events counted by the website.

250,000 plant species

**11,605 unique visitors online** at <https://plantday18may.org/> (01.01.2022 -22.06.2022)

**4,593 followers on Twitter** @PlantDay18May

**3,494 followers on Facebook** FoPD – **3,189 like this**

**632 followers on Instagram** @fascinationofplantsday

**Organised under the umbrella of the European Plant Science Organization, EPSO**

26.000 plant researchers and staff belong to EPSO membership

2.600 personal EPSO members

Around 200 research institutes and universities represented by EPSO

**61 National Coordinators** mobilising the community in their countries

**4 Global Coordinators** synchronising the effort and providing central resources

## Join the International "Fascination of Plants Day" on May 18, 2022

ojia

The fascinating world of plants will be once more in the spotlight thanks to the European Plant Sciences Organisation (EPSO), which invites you to celebrate the sixth Fascination of Plants Day on and around May 18th 2022. For this purpose, scientific institutions, universities, botanical gardens and museums, together with schools, farmers and companies will offer a variety of plant-based interactive events and activities for all interested people from toddlers to grandparents.

The Fascination of Plants Day (FoPD) was first launched in 2006, followed by FoPDs from 2017 to 2021 at which over 360 events were organised in over 20 countries world-wide, attracting many thousand visitors. This coordinated activity aims to plant-virtual and constantly germinating seeds in the collective mind of people, recalling that plant science is of critical significance to social, environmental and economic issues on our Earth today and in future.

Join in and offer activities at your or other facilities or participate as a visitor! All information about this initiative can be accessed at <http://www.plantday18may.org> and is supported by a network of national coordinators who voluntarily promote and disseminate the activities within their countries.
